Applicants Sought for the
Mentored Research Career Development (KL2) Program
In Clinical and Translational Science
Application Deadline: July 6, 2015

The Institute for Integration of Medicine and Science (IIMS) at the UT Health Science Center is soliciting applications for the Mentored Research Career Development (KL2) Program. Due to the success of a current KL2 scholar, the IIMS will have a new 2-year KL2 Scholar position available starting September 1, 2015. Applications for this NIH funded position are due Monday, July 6th.

The KL2 program targets early career faculty who have a professional doctoral degree or individuals who are completing postdoctoral training with an impending academic appointment. Qualified candidates will hold a doctoral health professional degree, PhD or equivalent degree, and have keen interest in careers that focus on clinical and/or translational research. Applicants are sought from all UT Systems Schools in San Antonio – UT Health Science Center, University of Texas at San Antonio, University of Texas College of Pharmacy (San Antonio campus), and University of Texas School of Public Health.

KL2 Scholars are selected on a competitive basis and will embark on a 2 year program of intensive training in clinical and/or translational science research, combining an innovative educational program with mentored clinical/translational science research. Thus, early career faculty from diverse groups including physicians, epidemiologists, behavioral scientists, biostatisticians, pharmacologists, dentists, nurses, psychologists, engineers, and others are sought for a 2 year training program in mentored research.

A minimum of 75% effort is required for each year of participation. Successful candidates will receive up to $100,000/year salary as well as limited research and travel support. Completion of the program will uniquely position each KL2 Scholar for a leadership role as an independent clinical/translational science investigator in academic medicine, industry, or government.

All application materials and information documents are available online at http://iims.uthscsa.edu/ed_kl2_App_Info.html.

For questions on the program, please contact KL2 Director, Jose E. Cavazos, MD, PhD (cavazosj@uthscsa.edu).

Interviews will be tentatively scheduled Friday, August 6th (10am-2pm) or August 10th (2:30-4pm) Please contact Kathlynn Wray (wrayk@uthscsa.edu) if you have application questions.

Applicants must be U.S. Citizens or have permanent resident status. UTHSCSA is an Equal Opportunity/Affirmative Action employer.
