DEGREES OFFERED

Ph.D.
- Medical Physics
- Radiation Biology
- Human Imaging
- Neuroscience Imaging

Master of Science
- Medical Health Physics

CLINICAL/RESEARCH FACILITIES

- UT Health San Antonio MD Anderson Cancer Center
- Research Imaging Institute
- Texas Biomedical Research Institute

We Make Lives Better.

Graduate School of Biomedical Sciences
UT Health San Antonio
7703 Floyd Curl Dr., MC 7889
San Antonio, TX 78229-3900

Radiological Sciences Program Contact Information

Beth Goins, Ph.D.
Professor/Research, Radiology COGS Chair,
Graduate Program of Radiological Sciences
goins@uthscsa.edu

ABOUT THE PROGRAM

The Graduate Program was approved by the Graduate School of Biomedical Sciences (GSBS), Regents of The University of Texas, and the Coordinating Board for Higher Education of the State of Texas in 1989.

The Graduate Program began with a Ph.D. and M.S. track in Medical Physics, a Ph.D. track in Radiation Biology, and an M.S. track in Medical Health Physics.

In 1996, the Medical Physics tracks of the graduate program were accredited by the Commission for the Accreditation of Medical Physics Education Programs (CAMPEP).

In 2014, the program was restructured to include Human Imaging and Neuroscience Imaging specializations. The Graduate Program has had over 150 graduates, with more than 100 from the PhD program and more than 40 from the MS program.

STUDENT LIFE

With a vibrant academic, nonprofit, and private sector focused on research, the economic impact of San Antonio’s health care/bioscience industry has become a leading sector with over $30.6 billion annually. According to the San Antonio Business Journal, one in six of San Antonio workers are employed in health care or bioscience fields.

The program encourages student networking by hosting events such as:
- New Student Luncheon
- Fall Gathering
- Monthly journal clubs

There are many ways to meet other students including:
- School sponsored events
- Scientific meetings (AAPM, RSNA, etc...)
- Intramural sports
- Social students

The San Antonio area also boasts some beautiful outdoor activities including Enchanted Rock, Garner State Park, and Pedernales State Park. San Antonio is home to the five time NBA National Champions, the Spurs, as well as one of the largest livestock shows and rodeos in the country.

ADMISSION

Graduate School of Biomedical Sciences admission requirements are:
- Bachelor’s degree in physics, applied physics, engineering or equivalent program
- Undergraduate GPA of 3.0 or above
- Competitive GRE 310
- TOEFL > 68 or IELTS > 6.5

HOW TO APPLY

Apply through our online application. Acceptance of applicants starts in January and are approved by COGS on a monthly basis through May.

To be considered for the fall semester, the deadline for applications is January 15th. Since spaces are taken quickly, applicants are encouraged to have all their materials in by December 15th of the previous year for potential enrollment.
